The TSP-5645-22 stands out as the perfect computing solution for industries operating in liquid-exposed environments, such as food and beverage manufacturing. Its large 22" display provides ample screen real estate for improved visibility and enhanced productivity during critical operations. The panel mount capability allows for easy integration into existing setups, creating a waterproof solution that safeguards against the challenge posed by liquids and sprays. Reinforced by its stainless steel front bezel, the TSP-5645 achieved an impressive IP66/IP69K rating, ensuring optimal protection and durability. This panel PC also delivers reliable performance through its powerful Intel 8th Gen Core i3/i5 processor and Windows 11 capabilities.
