

5MP AF WEBCAM & MIC MODULE TA-XX40

Thermal Sensor, Webcam & Mic Module for TA Series

Key Highlights

[VIEW ONLINE](#)

This module combines a thermal sensor, 5MP autofocus webcam and an internal microphone. The thermal camera can be used to scan a person's temperature as they enter the building and the webcam can be used for facial recognition. This module also turns the unit into a video conferencing computer with a built-in microphone.
