VIEW ONLINE

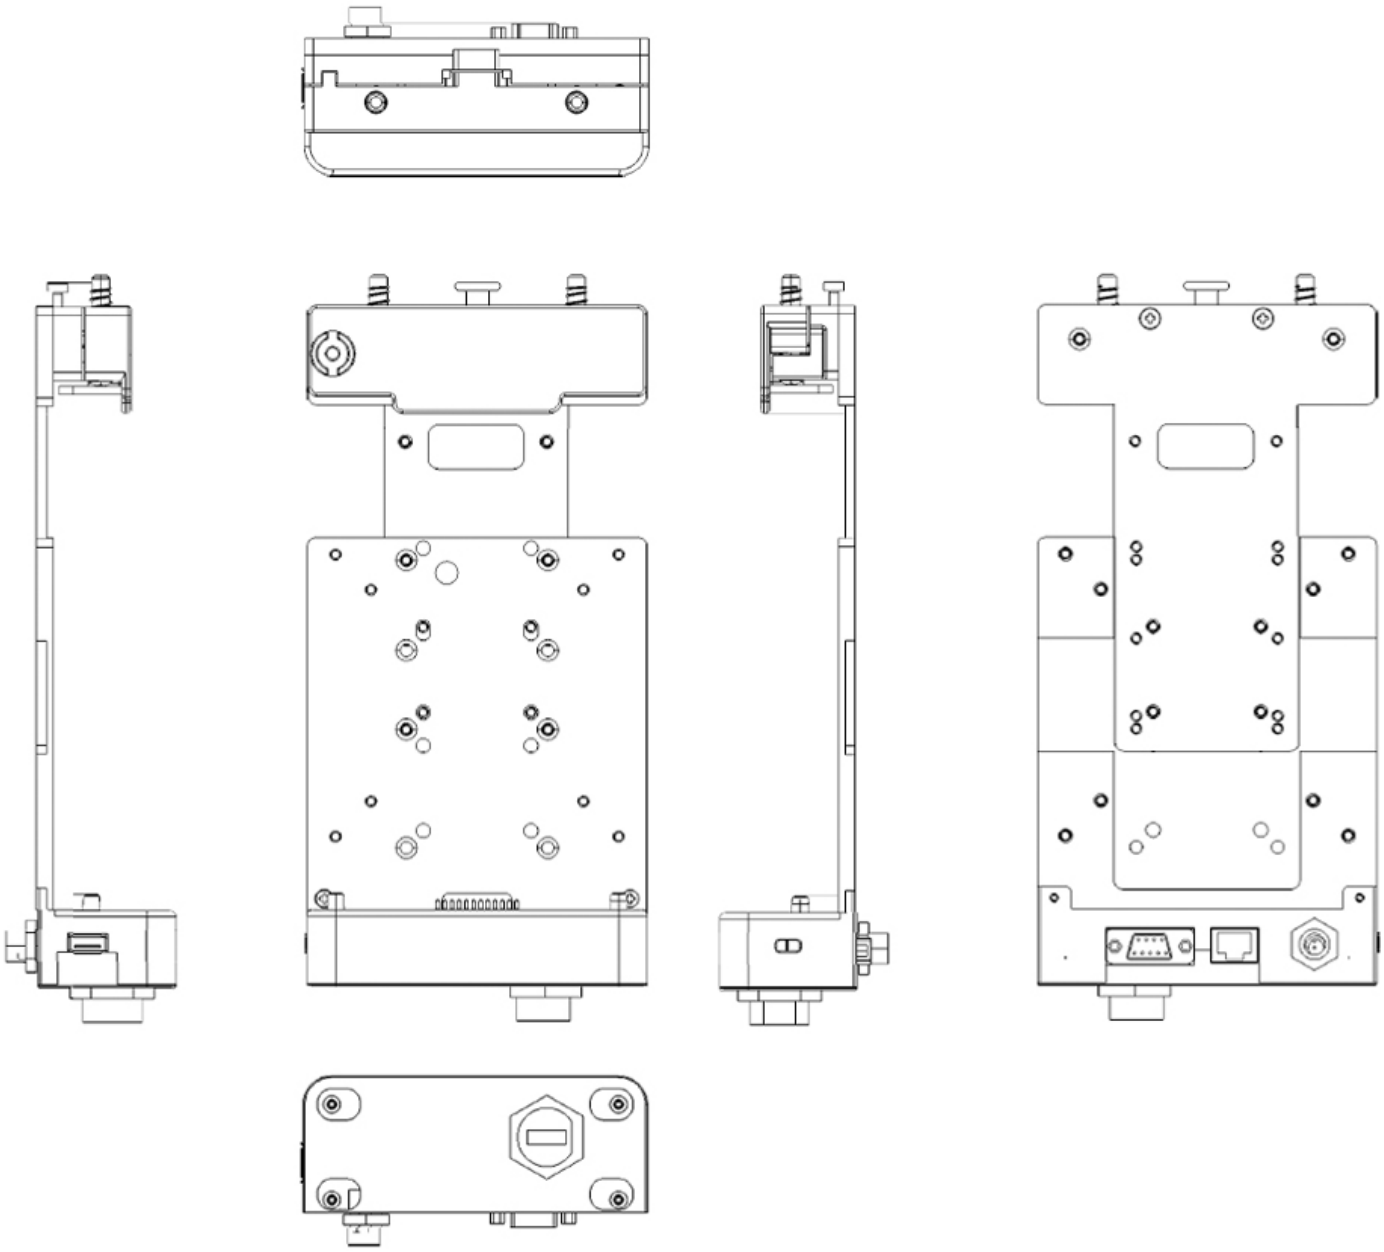

This forklift dock is compatabile with Teguar TRT-5180-10 and TRT-5180-12 rugged tablets. This dock is built from aluminum, so it's both strong and lightwieght. It has passed various MIL-STD-810G tests to withstand the harshest environments in railway and highway transportation. A quick release button allows you to undock the tablet with ease or secure it with the built it Keylock or K-lock for theft prevention. Locking power and USB connections provide a sustainable connection in rigorous environments.The RS232 also has an optional 1A power pin for special external barcode scanners or other peripherals.
