The 22" Industrial Display Screen is a functional display that is ideal for POS systems. Its two-piece modular design ensures easy installation and maintenance, allowing components to be effortlessly replaced or upgraded. VESA mount ability provides flexible placement options to suit diverse environments. The TD-40-22 comes equipped with USB-C which can be used to get video, power and touch from the connected device. There is also the option of HDMI if USB-C is not compatible with your system. Despite its advanced features, the TD-40-22 remains a low-cost display option, making high-quality visuals accessible without breaking the bank. From interactive displays to kiosk setups, it sets a new standard in display technology. **Stand not included.*
