The TM-5900-24 is an absolute powerhouse of a medical all-in-one PC. This medical computer comes standard with a high performance 11th Generation Intel Tiger Lake processor, a 24" full HD display, and a P-capacitive touchscreen, all packed into a slim and sleek all-in-one computer weighing only 16.5 lbs. The TM-5900-24's light weight and slim profile, along with an optional battery pack, make it a perfect selection for mobile medical cart usage. This medical all-in-one also features dual microphones, a 5MP wide angle camera and optional speakers, so it's also a great choice as a telemedicine station, or mobile entertainment center for hospital patients. Combine all of this with longterm support for seven years and guaranteed life cycle support until 2030, and you're left with the most impressive medical all-in-one PC on the market today.
