The TS-2945-17 Touchscreen Waterproof Computer is an ideal 17" HMI replacement for manufacturing environments where water, dust, or harsh chemicals are present. The fully sealed SUS304 stainless steel housing makes it ideal for food and beverage processing where corrosion resistance is needed. The fully fanless cooling system and IP66 rated housing ensure that you can confidently place this PC into the most demanding workplaces. Optional PoE (Power Over Ethernet) simplifies cable design, and makes instilation of the units a breeze, as the system can be directly powered from a PoE source without the need for an external power supply. Built with industrial-grade components, this All-in-One PC supports a wide temperature range to allow for placement in a variety of environments.
