- MIL-STD-810H shock and vibration certified
- Supports 12–36 VDC input for vehicle electrical systems
- Wired LAN plus USB-A, RJ50 and DB9 serial cable options

VIEW ONLINE

The Forklift Dock V2 is Teguar's next-generation vehicle dock for TRT-7080 rugged tablets, built for forklifts, reach trucks and other material handling vehicles. It keeps the tablet powered, connected and securely mounted through the shock, vibration, dust and moisture of the warehouse floor. Redesigned inside and out, it is the most rugged forklift dock Teguar has built.
